**L GRILL**

MODEL	:	<b>X14</b>	<b>X5</b>	<b>L GRILL</b>
PAN DIAMETER	:	<b>328MM</b>	<b>328MM</b>	<b>328MM</b>
NUMBER OF GRILL	:	<b>14</b>	<b>5</b>	<b>5 RECESS SHAPE</b>
APPROX. PAN WEIGHT	:	<b>660</b>	<b>640</b>	<b>640</b>
SHUT OFF	:	<b>AVAILABLE</b>	<b>AVAILABLE</b>	<b>AVAILABLE</b>

## Advantages

- Capacity
- Durability
- Easy cleaning
- Adjustable features
- Pest resistance
- Waste reduction

## Features

- Low pan edge allows chicks to reach the feed easily.
- Uniform distribution of feed to all the pans.
- Easy to adjust feed volume as desired.
- Easy to set feed level when converting from chick to grower stage.
- Minimize feed wastage regardless of the age of birds.
- Pan that can swing and turn freely to avoid bruising the body of the birds.
- Pan can be washed and drained easily.
- Pan is made of high quality UV-stabilized material.

# **GOWELL PAN FEEDING SYSTEM**

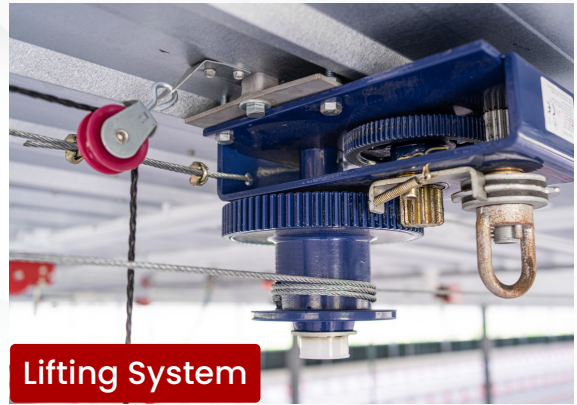

**Feed Hopper**

Heavy Gauge Galvanized Steel Hopper with 50 Kg capacity or custom made for special application. Bottom boot with single or double outlet design.

**Mid Control Pan**

Mid control pan can be located anywhere along the feed line to regulates feed distribution till where it is located. Place before the end control pan for double protection purpose.

**Lifting System**

Feed line can be lifted up and down by heavy duty winch and quality lifting components.

**End Control Pan**

Heavy duty Motor reducer with end control pan regulates feed distribution till end of line.

**Feed Level Switches**

Level switch regulate feed supply from Feed Bin. You can choose the level switch that can attaches to feed hopper or the level switch that fix to the drop pipe.

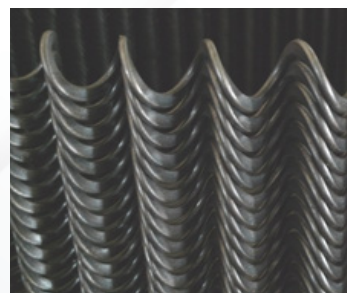

**Feed Control Panel**

Double door water resistance Panel equipped with phase protection, isolated ELB module and alarm system which makes your system more easy to maintain as well as trouble shooting.

**Galvanized Tube**

Full heavy gauge galvanized tube is rust resistant. Not a crimped joint pipe that stains feed at inner wall of the pipe.

**Spiral Auger**

High quality carton steel spiral Auger makes for tough and long hour operation.
